EDUCATION

Parul Institute of Engineering and Technology

2023 – Present

B.Tech in Computer Science — **CGPA: 7.53**

Vadodara, India

Relevant Coursework

- Data Structures & Algorithms
- Database Systems
- Computer Networks
- Operating Systems
- Software Engineering
- Machine Learning
- Theory Of Computation
- AWS Fundamentals

PROJECTS

Multi-Agent Research Assistant | Python, LangGraph, FastAPI, ChromaDB, Groq API, Streamlit 2025

- Built a **multi-agent AI system** using **LangGraph** that autonomously searches ArXiv, retrieves research papers, and synthesizes structured summaries using **Llama 3.3 70B** via Groq API.
- Implemented a **RAG pipeline** with **ChromaDB** vector store and Sentence Transformers for semantic retrieval across multiple research papers with cosine similarity ranking.
- Designed an **iterative Critic-Feedback loop** where a Critic Agent evaluates summary quality and triggers re-summarization if score falls below threshold, improving output accuracy.
- Exposed backend via **FastAPI** REST endpoints and built an interactive research query interface using **Streamlit** with real-time agent status updates.

Weather Application | REST API

2025

- Built a **responsive weather application** that fetches real-time data using a third-party **REST API** with asynchronous JavaScript Fetch API calls and proper error handling.
- Displayed dynamic weather details including **temperature, humidity, wind speed, and conditions** based on user input with **glassmorphism UI design** and keyboard accessibility.

CERTIFICATIONS

- **NPTEL: Computer Networks and Internet Protocol (Jan–Apr 2025)**
- **Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate**
- **Cloud Computing and AI with AWS (July 2025 – Sept 2025)**

TECHNICAL SKILLS

AI/ML & GenAI: Python, LangChain, LangGraph, RAG, ChromaDB, Sentence Transformers, Groq API, Streamlit

Backend & Database: FastAPI, Flask/Django, REST APIs, MySQL, Java, C/C++

Frontend Development: HTML/CSS, Bootstrap, JavaScript

CS Fundamentals: Object-Oriented Programming (OOP), Data Structures & Algorithms, DBMS

EXPERIENCE

Vadodara, 2025

AI Bootcamp in Artificial Intelligence

- Completed a **5-day intensive bootcamp** on **AI/ML**, gaining hands-on exposure to **model training, data preprocessing, and real-world AI application development** using Python.

Vadodara, 2025

AWS Students Community Day

- Attended an **AWS-powered student technology event**, engaging with cloud computing concepts and **AWS professionals** through expert sessions and collaborative technical discussions.
